In most utilities, the corporate geographic information system (GIS) is an integral resource in maintaining critical information about company assets and infrastructure. Typically, a “new” GIS is built and implemented only to be managed or self-managed with no concrete vision. This session will provide some insight in how to manage the critical IT infrastructure system to ensure a return on the investment, provide ideas for maintaining and growing the GIS application and data, and discuss the pitfalls and challenges of managing and maintaining the GIS system. In the end, participants will be challenged to create a road map framework for their GIS application and users to enhance and promote the GIS system at their organization.

This session is targeted at GIS leads, supervisors, managers, or anyone who wants to ensure the ongoing viability of the GIS application and associated data.

 EUCI is authorized by IACET to offer 1.0 CEUs for the course

LEARNING OUTCOMES

- Identify your GIS status and structure and understand which questions to ask regarding those factors
- Discuss how to establish business ownership and organizational structure
- Explain how to execute short- and long-term goals based on your business plan
- Review how to support the business plan through training development, implementation, risks and pitfalls, ROI, and more
- Determine the vision focus and how to bring the business plan success and completion

INSTRUCTOR

Chuck Legg, Professional Engineer, Province of Ontario

ONLINE DELIVERY & PARTICIPATION DETAILS

EUCI will use Microsoft Teams to facilitate participation in the upcoming event. Attendees do not need to have an existing Teams account to participate in the broadcast. The course will play in attendee's browser. When attendees sign on, their microphones are typically muted. Attendees should keep their mic muted until such time as it's needed to ask a question. During the event, participants will have the option of using a microphone to speak with the room and ask questions, or type in any questions via the chat window and our online administrator will relay your question to the instructor.

- Each attendee will receive an event invitation by e-mail, which will include one link to sign on for each half-day of the event (i.e., three links for a 1 ½ day event). The appropriate link must be used to join each half-day event segment at the appropriate time.
- The remote meeting connection will open approximately 30 minutes before the start of the course. We encourage attendees to connect as early as possible in case of unforeseen problems.

BUSINESS ESSENTIALS FOR GEOGRAPHIC INFORMATION SYSTEM ONLINE COURSE

FEBRUARY 17-18, 2021: US \$1,195 (Single Connection)

PACK OF 5 CONNECTIONS: US \$4,780 (20% Discount)

Substitutions & Cancellations

Your registration may be transferred to a member of your organization up to 24 hours in advance of the event. Cancellations must be received on or before January 15, 2021 in order to be refunded and will be subject to a US \$195.00 processing fee per registrant. No refunds will be made after this date. Cancellations received after this date will create a credit of the tuition (less processing fee) good toward any other EUCI event. This credit will be good for six months from the cancellation date. In the event of non-attendance, all registration fees will be forfeited. In case of course cancellation, EUCI's liability is limited to refund of the event registration fee only. For more information regarding administrative policies, such as complaints and refunds, please contact our offices

EUCI reserves the right to alter this program without prior notice.
