Renewable energy providers and their suppliers continue to wrestle with the complexities of the NERC reliability standards implementation, compliance, and enforcement process. Full audit schedules within each regional entity ensure that the stakes remain high. CIP standards add another level of complexity, further demonstrating to the power industry the difficulties associated with the legislating reliability and security.

This course is an in-depth introduction to NERC standards, compliance, and monitoring and is designed to give the necessary background for all staff to understand the concepts and complexities of NERC compliance in order to communicate and build a culture of compliance and reliability and prepare for upcoming audits.

EUCI is authorized by IACET to offer 1.0 CEUs for the course

LEARNING OUTCOMES

- Define the role of FERC and NERC in mandatory compliance for renewables
- Review the background for the NERC standards and discuss major recent revisions
- Explain how violations are determined and identify which standards are the most violated
- Define a culture of compliance and its importance in the compliance monitoring and enforcement process
- Examine strategies to build an internal compliance program
- Examine the NERC CIP and 693 Standard requirements: Current version and upcoming revisions
- Analyze the audit process and demonstrate strategies for success before, during, and after an audit

INSTRUCTORS

- **Terry Brinker**, Senior Reliability Consultant and Project Manager at 1898 & Co
- **James Crawford**, Senior Compliance Consultant, Burns & McDonnell

ONLINE DELIVERY & PARTICIPATION DETAILS

EUCI will use Microsoft Teams to facilitate participation in the upcoming event. Attendees do not need to have an existing Teams account to participate in the broadcast. The course will play in attendee's browser. When attendees sign on, their microphones are typically muted. Attendees should keep their mic muted until such time as it's needed to ask a question. During the event, participants will have the option of using a microphone to speak with the room and ask questions, or type in any questions via the chat window and our online administrator will relay your question to the instructor.

- Each attendee will receive an event invitation by e-mail, which will include one link to sign on for each half-day of the event (i.e., three links for a 1 1/2 day event). The appropriate link must be used to join each half-day event segment at the appropriate time.
- The remote meeting connection will open approximately 30 minutes before the start of the course. We encourage attendees to connect as early as possible in case of unforeseen problems.
