

# PJM FUNDAMENTALS & OPERATIONS

October 8, 2020  
Online | Eastern Time

RELATED EVENT:

**PJM MARKET UPDATES  
& DYNAMICS: THEIR  
IMPLICATIONS FOR  
MARKET PARTICIPANTS**  
October 9, 2020 | Online

“

*“This course offered me an in-depth view into the structure, functions and future trends of the PJM market. For a topic that could easily take weeks to discuss, the instructors did a great job of condensing information but also elaborating on any complexities pertaining to PJM.”*

Lead Project Manager, NextEra Energy Resources

This course will explain the fundamentals of PJM — market mechanics, operations and price formation dynamics. It will examine how key trends like renewables and shale gas penetration have shifted economic paradigms. And it will consider the impacts of emerging trends like intelligent grids and energy storage on PJM market performance.

## LEARNING OUTCOMES

- Explain the mechanics of PJM system dispatch, RTO operation, and price formation
- Compare market fundamentals in PJM to other U.S. RTOs
- Explore and anticipate the impacts of emerging trends like intelligent grids and energy storage on PJM market performance
- Apply information learned into actionable intelligence that will support effective decision-making that yields competitive advantage

## INSTRUCTORS

**Dr. Todd Bohan**, Director – Regulated Industries, FTI Consulting

**Victoria Lorvig**, Consultant - Power and Utilities Practice, FTI Consulting

EUCI is authorized by IACET to offer 0.7 CEUs for the course. Participants must log on each day and be in attendance for the entirety of the course to be eligible for continuing education credit.

# PJM MARKET UPDATES & DYNAMICS: THEIR IMPLICATIONS FOR MARKET PARTICIPANTS

## *Converting Market Awareness into Market ROI*

October 9, 2020  
Online | Eastern Time

*"The course offered exactly what I needed to go train my team to be successful in our target markets."*

Vice President, IBV Energy Partners

This workshop will examine developing policy and technology trends that have recently roiled certain PJM Interconnection market elements, such as:

- Recent, controversial FERC Orders and PJM responses to Capacity Market, Reserve Market and other design mandates
- State regulatory measures that interact with market operations
- Market participant actions and their impacts on market dynamics
- System responses to the pandemic

EUCI is authorized by IACET to offer 0.7 CEUs for the course. Participants must log on each day and be in attendance for the entirety of the course to be eligible for continuing education credit.

## LEARNING OUTCOMES

- Apply information learned into actionable intelligence that will support effective decision-making that yields competitive advantage
- Stakeholder responses and adjustments to optimize their involvement in the system
- COVID-19 system/market responses and adjustments
- Data on prices and why they are moving in certain directions
- FERC Orders – past, present and future – that related to PJM
- Infrastructure additions and subtractions
- State measures within the PJM service territory that bear on market operations and performance
- Market Monitor actions, reports and findings
- Explore what's next for PJM market adjustments and outcomes

# ONLINE DELIVERY & PARTICIPATION DETAILS

EUCI will use Microsoft Teams to facilitate participation in the upcoming event. Attendees do not need to have an existing Teams account to participate in the broadcast. The course will play in attendee's browser. When attendees sign on, their microphones are typically muted. Attendees should keep their mic muted until such time as it's needed to ask a question. During the event, participants will have the option of using a microphone to speak with the room and ask questions, or type in any questions via the chat window and our online administrator will relay your question to the instructor.

- Each attendee will receive an event invitation by e-mail, which will include one link to sign on for each half-day of the event (i.e., three links for a 1 ½ day event). The appropriate link must be used to join each half-day event segment at the appropriate time.
- The remote meeting connection will open approximately 30 minutes before the start of the course. We encourage attendees to connect as early as possible in case of unforeseen problems.

#### Substitutions & Cancellations

Your registration may be transferred to a member of your organization up to 24 hours in advance of the event. Cancellations must be received on or before September 4, 2020 in order to be refunded and will be subject to a US \$195.00 processing fee per registrant. No refunds will be made after this date. Cancellations received after this date will create a credit of the tuition (less processing fee) good toward any other EUCI event. This credit will be good for six months from the cancellation date. In the event of non-attendance, all registration fees will be forfeited. In case of course cancellation, EUCI's liability is limited to refund of the event registration fee only. For more information regarding administrative policies, such as complaints and refunds, please contact our offices.

EUCI reserves the right to alter this program without prior notice.
